

I would like to take this time to express my appreciation of the K-LOVE radio station in my area. It provides wholesome listening along with news and information that you cannot get anywhere else. The community that is served by this station would be devastated without it. There really are no others like it. In this day and age of "shock jocks" and uncensored garbage being forced into the ears of our young and impressionable children, K-LOVE shines like a beacon of hope and inspiration with a powerful, positive and uplifting sound and message that is truly safe for the whole family. I implore you not to eliminate the use of local translators as they are what keeps these great stations available. I do not make a great deal of money, but I support K-LOVE financially. That's how important it is to me and my entire family. Thank you for your time and consideration. Sincerely, Michael D. Rockets.
